2017 NEW YORK STATE EMS COLLABORATIVE PROTOCOLS

As we transition to the new Collaborative Protocols, STREMS Council, STREMAC and EMSTAR have been working to develop and distribute new materials for agencies and providers.

The new Collaborative Protocols are available in electronic format on the EMSTAR website.

An app is available at no cost to providers who wish to utilize the mobile versions in either Apple or Android format. This app can be found in either the Apple App Store or Google Play Store by searching for "NYS EMS Collaborative".

Protocol Distribution:

One pocket protocol book will be provided at no cost, for each active BLS and ALS provider in the STREMS region. After initial offering, additional pocket protocol books are \$5.00, available at EMSTAR.

Agencies are to submit a current roster of active BLS and ALS providers to EMSTAR via email education@emstar.org or mail to the office, verifying name/level of certification/expiration date of each member before protocols will be distributed.

A full size (8.5 x 11) binder or bound protocol book is available to each transporting agency in the region at no cost. Non-transporting agencies (first response) may purchase a full size binder or bound book at EMSTAR for \$20.

Upcoming STREMS Council & Committee Meetings

Council
May 11 @ 7:00pm
Corning Hospital
