*Our mobile styling technology allows you to use any web enabled device (desktops, laptops, smartphones & tablets) to study via your device's browser. Start your studies in class and pick up where you left off whether you are at the station, at home or on the go!

You can also access EMT Review Plus on LC-Ready.com with the convenience of an app! Download the LC-Ready App on the App Store or Google Play and log in with your account to start studying!

Quality Exam Review just got EASIER!

Study - Learning cards help you master critical components of the EMT course. In addition to promoting recall, our learning cards also allow you to quiz yourself and define, integrate and explain key concepts. You have the ability to remove cards from the deck once you have mastered them. Over 400 Study Cards including critical thinking cards.

Review - Multiple choice questions help you review and test your knowledge on all EMT topics. Ideal for classroom review and content mastery, the review section helps you throughout your class and during final preparation for your exam. 325 Review questions in 11 topical areas.

Test - This section provides focused practice for the NREMT or state final examinations. Exam questions in this section are scenario-based and created by experienced national EMS educators who all have written for the NREMT.
